

# ANDREW MARTIN

## *Siren Peat Smudge*

Cushion

*Paisley velvet cushion by Timothy Oulton*

The Siren cushion features Timothy Oulton's audacious printed velvet, peat smudge, designed in soft hues of light and dark greys, evoking faded grandeur from a bygone era in a soothing colour. The traditional paisley pattern is updated, creatively merged with an overlay of abstract art in this unique velvet cushion.

Please note: pattern may vary from the image shown.
