Otter Cloud

Cushion

Ikat cotton cushion in cloud grey

A luxurious cushion made from **Otter Cloud**, a sprawling ikat design, reminiscent of water flowing on an English river with beautiful warp and weft detail in the print. Capturing the essence of the English countryside, this luxury fabric symbolises the tranquillity of a flowing river, and the joyful spirit of its namesake.

Whilst every effort is made to make all cushions identical in pattern placement some will vary due to large pattern repeat of the Otter fabric.

Printed in the Lake District using ECOFAST technology, a digital printing method which uses 50% less water than traditional techniques.
