Pollen Sky

Cushion

Squiggle pattern cushion in light blue

A soft and plump square cushion created from our **Pollen** fabric in sky. The free-flowing squiggle design is reminiscent of pollen as it weaves through the air on a warm summers day. Finished with smart ticking stripe **Picket** around the edge, it is designed to be styled alongside the other small prints and complementing colours of the **Garden Path** collection, a homage to the English Garden.

The fabric used in this design is printed on the edge of the Lake District using ECOFAST technology, a digital pigment printing method which uses 50% less water than traditional techniques.
