

ANDREW MARTIN

Apulia Navy Outdoor

Fabric

Designed in collaboration with Sophie Paterson, this outdoor fabric features an ikat pattern in navy and white hues. The washed-out effect gives a casual and contemporary feel, perfect for turning your outdoor space into a comfortable living area.

This fabric has a shower resistant finish which is also anti-mould, anti-mildew and anti-microbial. Each fabric has been printed using EcoFast digital pigment printing methods, which use 50% less water than traditional print methods. We do recommend, however, that this fabric is looked after carefully and best used in dry weather. As with most outdoor textiles, they should be stored inside when not in use, or during periods of wet, cold or damp weather.

This fabric can be FR treated to BS5852 Match Upholstery for indoor use.
