Bud Orange

Fabric

Inspired by the lush buds of spring this small print features a classic petal shape against a warm zingy orange background. Its small-scale makes it easy to incorporate across your interiors or combine with other prints from our [Garden Path](#) collection.

Printed on the edge of the Lake District using ECOFAST technology, a digital pigment printing method which uses 50% less water than traditional techniques, ensures it is also kinder on our planet.

Bud is taken from an original Indian block print design, and due to the nature of the repeat an intentional antique shading effect can appear throughout the fabric.
