

ANDREW MARTIN

Sprig Sky

Fabric

Taken from an original Indian wood printing block, this dainty floral design is set against a soft powder blue background. It's small scale makes it easy to incorporate across your interiors or combine with the other prints of our [Garden Path](#) collection.

Printed on the edge of the Lake District using ECOFAST technology, a digital pigment printing method which uses 50% less water than traditional techniques, ensures it is also kinder on our planet.
