Finch Twig

Cushion

Small-scale print cushion designed with Sophie Paterson

A soft and plump cushion made from our **Finch Twig** fabric, designed in collaboration with interior designer, Sophie Paterson. This small-scale print conjures up images of the delicate markings of birds' feet and was inspired by an original Batik printed document. Piped in smart plain **Trek Linen** for a simple and elegant finish, this feather-filled cushion is perfect for mixing with the other colours and prints of the **Woodland collection**.

Printed on the edge of the Lake District using ECOFAST technology, a digital pigment printing method which uses 50% less water than traditional techniques, ensures it is also kinder on our planet.
