Glacier Storm

Cushion

Glacier Storm is a strong, graphic geometric cushion in moody grey with contrast piping in smart, textured velvet, **Mossop Storm**. A supple linen blend, handmade in the UK and filled with sustainably sourced duck feather and down. Join us on a journey to the maze-like streets of the Middle East.

Glacier Storm fabric is printed on the edge of the Lake District using ECOFAST technology, a digital pigment printing method which uses 50% less water than traditional techniques.

The geometric nature of this design does have a slight pattern variation, and as a result it is not geometrically perfect.
