

ANDREW MARTIN

Burlington Storm Outdoor

Fabric

Designed in collaboration with Sophie Paterson this outdoor fabric is an updated version of our classic Burlington design. Its chain link print in grey and white adds a smart, elegant touch to your outdoor space.

This fabric has a shower-resistant finish which is also anti-mould, anti-mildew and anti-microbial. Each fabric has been printed using EcoFast digital pigment printing methods, which use 50% less water than traditional print methods. We do recommend, however, that this fabric is looked after carefully and best used in dry weather. As with most outdoor textiles, they should be stored inside when not in use, or during periods of wet, cold or damp weather.

This fabric can be FR treated to BS5852 Match Upholstery for indoor use.

Specification

| | |
|------------------------------|-----------------------------|
| Product Code: | SPABUROUST |
| Width: | 137 (cm) |
