

ANDREW MARTIN

Chalk White Outdoor

Outdoor Fabric

A lightweight linen style fabric which has a shower resistant finish which is also anti -mould, anti-mildew and anti-microbial. This simple cloth is perfect for using on the back of printed outdoor cushions. We do recommend, however, that this fabric is looked after carefully and best used in dry weather. As with most outdoor textiles, they should be stored inside when not in use, or during periods of wet, cold or damp weather.

This fabric can be FR treated to BS5852 Match Upholstery for indoor use.
