

ANDREW MARTIN

Great Plains Natural

Fabric

Inspired by Native American art, Great Plains depicts elaborately head-dressed hunters riding with their pack of dogs and surrounded by decorated quivers and feathered bows and arrows. Full of life-like character and colourful culture, the chase continues beyond the fabric, spinning the intrigue of an imaginative story.

Printed on the edge of the Lake District using ECOFAST technology, a digital pigment printing method which uses 50% less water than traditional techniques, ensures it is also kinder on our planet.
