Icebeam Coffee Table

Coffee Table

Reclaimed timber icebeam coffee table

Proving the adage that there is beauty in simplicity, the epic Icebeam coffee table grounds a space with its mighty reclaimed timber blocks topped with three ice-like beams of glass. The timber is around 100 years old, salvaged from old English buildings, with surface fissures, cracks, and indentations left in as testament to its former life. The glass beams have a subtle rippled texture which adds visual depth.

Specification

Product Code:	CT0231
Product Height:	31 (cm)
Product Width:	168 (cm)
Product Depth:	114 (cm)
Weight:	188 (kg)
Collection:	Timothy Oulton
Packed Weight:	245 (kg)
EU Commodity Code:	94036010
Country of Origin:	China
