Coffee Table

Trunk coffee table in distressed leather by Timothy Oulton

Stonyhurst College was founded in 1593 and remains one of the UK's most prestigious boarding schools. Stonyhurst transforms Timothy Oulton's travel-inspired trunks into functional furniture. Finished here in Vintage Cigar leather with wooden banding.

Vintage Cigar is the most authentic hand reproductions of old antique leather available. It is full aniline with a hard antique look, and faithfully reproduces the dried and fermented aspect of rolled tobacco. Full of cracks, it has a luxuriously worn patina and softens and improves even further with use.
