Chandelier

A ceiling light featuring a cluster of bulbs extended on matt black arms. With galactic appeal, this is as much a modern sculpture as a lighting feature. It's the conversation starter above a dinner table or the focal point of a high-ceilinged living room. It adds both rounded shape and angular lines to a scheme and gives off a warm yellow light to soften its modernist edge.

Brooklyn comes with 3 x 30cm rods so can be installed to 3 lengths (30cm, 60cm, 90cm) depending on your scheme. Brooklyn comes supplied with basic halogen bulbs, suitable to get you illuminated, whilst you choose your own LED bulbs for permanent use.
