Rivington

Wall Light

Wall light in charred copper

Featuring a half drum style shade in stained copper, Rivington wall light features three circles which hang down below the light and are attached at the rim.

This unique design would suit a modern and contemporary style of home, but would equally blend in with more traditional décor. Ideal for large living spaces and hallways, this wall light is a real stand-out design and would look great with a minimalist look on a plain wall.
