Burlington Ochre Outdoor

Outdoor Cushion

Designed in collaboration with Sophie Paterson this soft and plump cushion is an outdoor version of our classic **Burlington design**. In yellow and white, with a chain link design print this cushion feels smart and elegant, perfect for turning your outdoor space into a comfortable living area.

This outdoor cushion is printed on a polyester cloth with a shower resistant finish which is also anti-mould, anti-mildew, and anti-microbial, and has been filled with a hollow fibre pad. We do recommend, however, that these scatter cushions are looked after carefully and are best used in dry weather. As with most outdoor textiles, they prefer to be stored inside when they are not being used, or during periods of wet, cold, or damp weather.

The fabric used in this design is printed on the edge of the Lake District using ECOFAST technology, a digital pigment printing method which uses 50% less water than traditional techniques.
