Glacier Tropic Outdoor

Outdoor Cushion

Glacier Tropic is strong graphic print, made up of concentric diamond shapes with jagged edges and in alternating hot pink and vivid orange tones. Finished off with washable **Delta Lava** piping this cushion has a lively and dynamic feel to bring your outdoor space to life.

This cushion is part of our collection 'The Great Outdoors', it has a shower resistant finish which is also anti -mould, anti-mildew and anti-microbial, and has been filled with a hollow fibre pad. Each fabric has been printed using EcoFast digital pigment printing methods, which use 50% less water than traditional print methods. We do recommend however, that these scatter cushions are looked after carefully and are best used in dry weather. As with most outdoor textiles, they prefer to be stored inside when they are not being used, or during periods of wet, cold or damp weather.

The geometric nature of this design does have a slight pattern variation, and as a result it is not geometrically perfect.
