## *Parody*

### Wallpaper

From afar Parody looks to be a gallery wall of black and white drawings and photographs, but move in closer and the viewer will discover a rich tapestry documenting society, politics and English humour. Bought at auction each vignette is a 19th Century newspaper cartoon, printed in black and off white to evoke a sense of old world sophistication and tongue in cheek wit. This audacious wallpaper is the perfect accompaniment for a study, dining or living room.
